Hello

Not sure what happened with Skype and the phones, we probably should spend a half hour or so working it out one day.

For Alice Springs, I have all the indoor gear at my place, and the outdoor gear. I intend to hold at least 3 comps over the colder season (the Todd River is really an oven) – so May, June and August. I will be overseas most of July. I reckon try and find some people to run an indoor comp (I haven't got the time, unfortunately).

There are a lot of kids playing down at Desert Sands, with good talent as well. Sean runs comps from Monday – Thursday, with Friday nights for training.

Lincoln Dales and his beach partner (Colin?) played in the AA division in the SA Open (beach) and won that, which was grand.

There are a lot of teachers that play down here, so it would be good to run some school programs, I reckon would gain some support.

Anyway, sorry about the communication break, catch up soon.

SS
